

LIVEU Matrix

Cloud Recording

Don't miss any feeds thanks to Matrix Cloud Recording

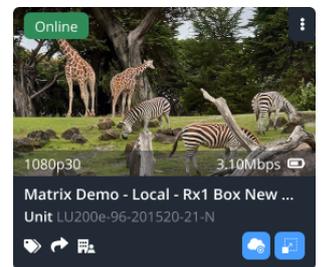

Eliminate the hassle of manually recording feeds and possibility of missing out on crucial content. With LiveU Matrix Cloud Recording, **you can streamline your workflow effortlessly**, gaining instant access to growing files. **Automatically record the feeds you grab** and capture every story without consuming your local resources.

Capture every moment, every story, and every event with **LiveU Matrix Cloud Recording**. Whether you're a global news broadcaster, sports organization, or production company, LiveU Matrix Cloud recording is integrated directly within the existing LiveU Matrix interface.

Scale-up your recording capabilities on-the-fly as needed and benefit from unlimited recording potential!

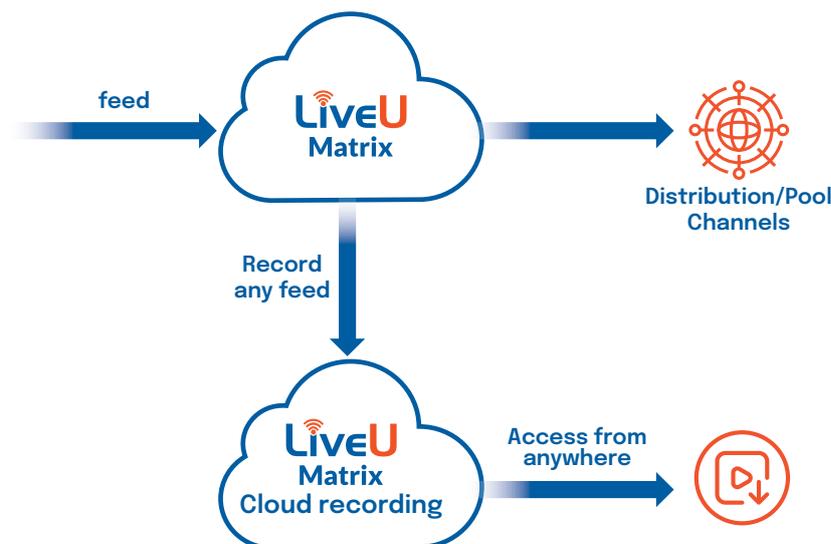

Access your content from anywhere!

The recorded content can be directly clipped, trimmed, and downloaded via your web browser from anywhere. It can also be pushed automatically to your cloud storage, enabling easy access, organization, and archiving of your valuable content **with all the associated metadata**. Metadata can also be added or edited directly within LiveU Matrix.

2 easy steps:

- 1 Click on the recording button on any Matrix feed
- 2 Start working on your recorded content while the file is growing
