# Solo PRO Connect

Unlock the full potential  
of your Solo PRO!

Solo PRO Connect gives you everything you need to make the most of your Solo PRO live productions. Simplify your operations with tried and tested modems together with unlimited data plans, LRT™ cloud subscription and LiveU managed SIM Cards. **No need to search for a carrier or modem anymore!**

## RELIABLE & HASSLE-FREE

Choose the kit to suit your needs, Duo (two connections/modems) or Quatro\* (four connections/modems), and enjoy full peace of mind. Each kit includes LiveU Net high-performance USB modems with high-gain integrated antennas. Designed for robust performance, LiveU Net modems offer the highest reliability compared to other carrier-branded USB modems. Equipped with LiveU's managed SIM cards, the modems inherently support multiple cellular carriers and have been successfully tested with all LiveU units.

The Quatro kit comes with the Solo Belt Pack and Y-Cables for greater ease of use.

## UNLIMITED DATA AND LRT™

Once you have the kit, you can log into the Solo Portal to choose your region and activate your unlimited data plans with LiveU Reliable Transport (LRT™) cloud subscription included.

Annual and monthly subscription options are both available. Enjoy high-speed internet with the LiveU managed SIM cards and Solo PRO bonded unit, combining multiple networks (cellular, WiFi and Ethernet) into one strong connection.

Stream without fear of unexpected bills! Stay focused on the live event, and captivate your audience for longer!

\* Available H2 2023.

## SIMPLIFY YOUR ROAMING EXPERIENCE

**No need to change your SIM cards or data plan!** Log in to your Solo Portal and select the relevant region. (Available in the EU, Norway, Switzerland, and UK). Use your Solo PRO device from anywhere and create live events from more locations than ever.

## END-TO-END SUPPORT

Solo PRO Connect kits (modems, cables, and data plans) are part of LiveU Solo's lifetime support, letting you focus on what you do best – content creation.
